

Greater Philadelphia YMCA Flexible Instructional Plan
 Pre K Counts and PHLpreK
 Program Year 2025-2026

Family Communication on the Flexible Instruction Plan
Family Copy

Synchronous and Asynchronous instruction	
Purpose	<p>To provide flexible instruction in the event of an unplanned closure that potentially impacts the program’s ability to meet the 180 days of instruction requirement. The plan will be implemented in the following circumstances:</p> <ul style="list-style-type: none"> * Inclement Weather Closure * Act 180 Professional Development Days built into the program year calendar * Emergency related building closures (flooding, sewer, building damage making attendance in building unsafe, health-related cleaning) * For an absence of a student that would be typically excused by the program for a short term or long term period <p>The decision to implement the plan will be made on an event by event basis and will not be automatically implemented for every event.</p>
Instruction	<p>The Y makes use of the following platforms: Google classroom, Teaching Strategies digital tools, Tadpoles, and Creative Curriculum Cloud.</p> <p>Teachers provide several windows of instruction for the families from which to select. Students and parents log into the Google classroom to participate synchronously at the time the material is presented or view the recorded lesson at a convenient time for the family.</p>
Attendance tracking	<p>Student’s attendance is tracked as the children log on to their laptops/Chrome books/tablets and participate in the lessons being taught.</p> <p>Families not able to participate virtually receive learning packets that are completed at home with an expectation that evidence will be provided back to the school to demonstrate participation.</p>
Meal service	<p>The YMCA keeps the Kitchen open in order to create bagged meals for those families who request meal service.</p>

Family Communication on the Flexible Instructional Plan

Acknowledgement Form

I have read and have been provided a copy of the FIP. I understand that I have the opportunity to ask questions and seek clarification for any aspect of this plan that I do not fully understand. I understand that if I do not have a device at home to support virtual instruction at home that one will be provided to my child.
